GUADALUPE DOUDCHITZKY AMADEO

Frontend Developer

guadadoud@gmail.com
+34 636191878

Hi! I'm Guadalupe, a frontend developer based in Madrid.

For the past years I've been working as a frontend developer, building engaging and user-friendly interfaces.

As a frontend developer I find it essential to understand the user and how their flow works in order to provide the best experience possible so I studied ux/ui, which gives me a more holistic view on frontend development.
